Says the Augusta Chronicle: "It is said that deaths from yellow fever are five times more numerous among males than females." Even death knows who not to tackle.

President Roosevelt having been so successful as a peace maker between Russia and Japan, might serve Hoke Smith a favor by sending the dove of peace with a message to the anti-Hoke Smith contingent in Georgia.

President Roosevelt is thinking of giving out a formal statement about the result of the Portsmouth peace conference. It is his privilege to do so, but he should first hold a conference with Prudence before he makes up his mind that any such statement is at all necessary.

LOCAL DOTS.

—Other local on fourth page

—A meeting of the W. C. T. U. be held at the First Baptist h this afternoon at 5 o'clock.

—Dr. R. C. Southerland will run an on from Clinton to Wilmington return on Tuesday, September

—[illegible] Dick has made application for permit to build a one-story, two room house on east side of Tenth, between Castle and Queen streets for Georgiana Williams.

—There was a slump in the cotton market yesterday, New York spot having closed quiet at 10.95. The local market remains firm at 10 3-8c. Receipts yesterday, 198 bales.

—Again there was no municipal court yesterday and no arrests by the police up to last night. The philosophers at the police station say that it is "the quiet before the Saturday night storm."

—Mr. L. F. Rivenbark, formerly with the Eagle Steam Laundry, has taken a position with the Wilmington Pressing Club. He is a man of experience in his line and will do well in his new position.

—Mr. J. H. Tipton, the clever manager of the Co-operative Livery Stables at southwest corner of Second and Princess streets, has resigned that position and to-day will enter the service of the City Livery Co. Mr. Tipton is succeeded at the Co-operative Stables by Mr. W. J. Potter.

—On or about September 10th, the Singer Sewing Machine Co., will remove its office in this city to No. 208 North Front street, in the new Shrier building. On account of the removal a lot of splendid office furniture and 10 or 12 second-hand machines are offered for sale cheap at 115 Market street.

—Mr. William M. Peck, who has held a position as stenographer in the office of Mr. W. J. Craig, General Passenger Agent of the A. C. L., in this city, for several years, has resigned his position and will leave in a few days for the A. & M. College, in Raleigh, to take a course in civil engineering.

—Capt. Will L. Miller, of the Acme Tea Chest Company, yesterday received a cablegram from Glasgow, instructing him to have a cargo of veneering timber ready for another steamer which is chartered to arrive here November 27th. Capt. Miller is preparing to begin operations at the logging camp up the river at once.

—Charles Kunold, of Wilmington, a member of the Arctic exploring party which was recently wrecked in the far North, will reach here to-day on the Seaboard Air Line train. Mrs. Kunold left several days ago for New York to meet her husband, but missed him in some way, and will return from New York later.

A Giant Mollusk.

Mr. Don King, of Topsail Sound, brought to the city yesterday the finest specimen of a sea clam ever seen here. It weighs between four and five pounds and was captured by Mr. King, two miles off shore. According to the age reckoning of a clam by the number of rings on the shell, which seafaring people say is perfectly reliable, the mollusk is over 200 years old. The monster clam fell heir to Mr. J. Tillman Howard, of this city, who is destined to enjoy clam soup for a week.

Coast Line Changes.

While not denying that a number of changes in the transportation department of the A. C. L., will go into effect soon, General Superintendent A. W. Anderson said, upon his return to the city yesterday, that he was not prepared to confirm all the rumors that were afloat regarding these changes. Mr. Anderson said, however, that the resignation of Mr. J. C. Murchison had been tendered but that it is to take effect to suit the convenience of the company. The matter of changes are now under consideration.

Lumina Bowling Contest.

By failing to show up on the bowling alley at Lumina last night, the Atlantic Yacht Club forfeited the match in the bowling tournament for the Consolidated cup to the Boys' Brigade. An effort was made to arrange a meet with the team from the Carolina Yacht Club, but that, too, was unsuccessful. The tournament continues with increasing interest among the friends and supporters of the several teams in the contest.

Postoffice Receipts.

The receipts at the Wilmington postoffice for the month of August, ended last night, were $6,074.23 against $5,734.99 same month last year. The gain is $339.24, or about 6 per cent. The increase is not phenomenal but quite satisfactory.

Open Season Begins To-day.

The open season for shooting Summer ducks, marsh hens, sea snipe and all other sea birds, except sea gulls and cranes which it is unlawful to kill at any time, begins to-day. The quail season opens October 1st.

NEW SAVINGS BANK

All Stock Placed and Charter Will Be Issued at Raleigh To-Day

J. HOLMES DAVIS, CASHIER

Business Will Begin To-morrow Morning Under Most Favorable Auspices—Deposits Already Coming In.

At an informal meeting of the incorporators of the Carolina Savings and Trust Company at the office of President John S. Armstrong, of the Atlantic National Bank, yesterday, it was decided to have the new institution begin business with banking hours to-morrow, Aug. 2nd. Deposits made on that date, on account of the impossibility of opening the bank today, will bear interest at the rate of 4 per cent., compounded quarterly, beginning on August first. The bank will open business under most favorable conditions as three deposits from outside the city, one from a party in Richmond, Va., have already been received.

Mr. J. Holmes Davis, now at the collection window of the Atlantic National and a young man of excellent banking qualifications and popularity in the business world, has been chosen acting cashier of the new institution and it is expected that when the stockholders meet for formal organization his election to the position will be made permanent. Mr. John S. Armstrong, president of the parent Atlantic National Bank, will, without a doubt, be president also of the savings institution. Mr. Armstrong yesterday expressed himself as eminently pleased with the outlook for the embryo enterprise and said that all the stock had been placed with holders who would manifest a personal interest in the institution and would retain the stock as an investment rather than as a speculative proposition. There were applications for more than ten times the $25,000 stock offered but it was let only to those who would meet the requirements intimated above. It has been decided to make the shares $50 instead of $25 each and these are all payable to the full amount at once.

The banking house will be in the Atlantic National building and in due time the quarters will be made as handsome and convenient as any in the State. Necessarily these arrangements will be crude at first, but even at the beginning it is proposed to have everything to suit the depositor, whose interests will be guarded first, last and always.

The charter for the new bank, which was delayed on account of some technical defect in the application to the Secretary of State, will be here to-day and a formal organization of the bank will be effected at once.

Raided An Alley.

Upon complaint of white residents in the neighborhood, Constable Savage, Deputy Sheriff Cox, Special Officers Tomlinson and Croom at 3:30 o'clock yesterday morning made a wholesale raid of Runge's alley upon warrants from Justice Furlong's court. There were caught in the drag net of the officers Lillie Blount, Mary Ratcliff, Geo. Lewis, Jno. Fossett, A. B. Harris and Lizzie Carroll, all of unsavory police record. The defendants will be arraigned in Justice Furlong's court at 10 o'clock this morning, charged with being common nuisances.

Attractions at Tarrymoore.

The Hotel Tarrymoore is still open at Wrightsville Beach and the number of guests and attractions there give no suggestion of the close of the season. There were more than 20 registrations at the hotel yesterday and an unusually large crowd is expected Sunday. On that day the Lumina Orchestra will combine with the hotel orchestra and give concerts morning, afternoon and night. Proprietor Moore is encouraged to keep the hotel open several weeks longer.

Steamer New York Coming.

The handsome steamer New York, of the Clyde Steamship Company, will be here Tuesday of next week, taking the place of the Carib on the Wilmington and Georgetown lines until further notice. The New York has superb passenger accommodations and is one of the very best of the Clyde fleet. The New York is of 2,111 tons and is in command of Capt. Archibald. For some time she has been on the San Domingo run.

Travelling Men to Banquet.

It is understood that a meeting of the Wilmington Post, T. P. A., will be held in a few days at which arrangements will be perfected for an elaborate banquet and social session to be given on the beach in the near future. The banquet will be a signal for the clans to gather in from the road and the jolly drummers will have the time of their lives, if the arrangements carry.

Burglar Stole Gold Watch.

A burglar visited the residence of Mr. R. L. Rouse, No. 609 North Seventh street, night before last and stole a fine gold watch belonging to Mr. Rouse. There is no clue to the thief. Mr. Rouse was awakened during the night by the barking of his dog, but his suspicion was not aroused until he awoke yesterday morning and found the watch gone.

New Lumina Orchestra.

Prof. Christiani and his orchestra of four pieces arrived last night from Jackson Springs, N. C., and will begin its engagement at Lumina with the usual dance there to-night. A more extended reference to the new orchestra was made a few days ago. It has been engaged for the month of September and longer, if satisfactory.

AN APPROPRIATION OF $500

Jeff Davis Council, of Wilmington, Gives Decided Impetus to Movement for Jr. O. U. A. M. Home.

Jeff Davis Council No. 63, Junior Order of United American Mechanics, held an enthusiastic rally last evening in furtherance of the movement by the organization in the State to establish at some suitable place in North Carolina an Orphans' Home, similar to institutions of the kind maintained by the Odd Fellows at Goldsboro and the Masonic fraternity at Oxford. At the meeting Grand Representative William J. Bellamy, who is at the head of the movement in the State, made a ringing address in behalf of the cause. Other members of the council also spoke enthusiastically in support of the laudable undertaking and considerable impetus was given to the work all over the State when Jeff Davis subscribed the round sum of $500 toward the establishment of the Home. Mr. Bellamy, chairman of the State Committee, will later visit other councils in North Carolina and by the State meeting in February, it is expected that a sufficient amount will be on hand to warrant the beginning of work at once.

After the meeting last night, Jeff Davis Council, conscious of duty well performed, enjoyed an elaborate social session during the course of which refreshments were served and the "Juniors" chatted pleasantly together of fraternal matters.

An extended reference to the purpose of the Jr. O. U. A. M., in the State, to found an orphans' home in North Carolina, was made during the present week in these columns. The movement has every prospect of success, born of an enthusiasm characteristic of the "Juniors" everywhere.

THE LOCAL DRUGGISTS.

Wilmington Association Now Affiliated With the National Organization.

The Wilmington Drug Association met last night at the store of Mr. William Niestlie, the secretary, on Red Cross street, and decided unanimously to affiliate with the National Association of Retail Druggists, which was represented at the meeting by General Organizer Dunlap. Mr. John H. Hardin presided at the meeting and Mr. Niestlie kept a record of the proceedings.

The association here will be headquarters for the four counties of New Hanover, Brunswick, Onslow and Pender, embracing a district in the plan of organization of the National Association, the purpose of which were explained by Mr. Dunlap to be mutual protection, the promotion of friendly trade relations, etc. The local association re-organized last night under the National auspices by electing Mr. John H. Hardin, president; Dr. R. H. Bradford, manager of the Burgaw Drug Co., vice president, and Mr. William Niestlie, secretary and treasurer. Seventeen druggists of Wilmington and five outside the city were represented at the meeting last night. The National organization has a membership of 39,000 in the United States and is a power for good in the retail drug trade of the country.

INCOMES IN THE STATE.

Governor Calls For Investigation of Central Hospital Incident.

(Special Star Telegram.)

Raleigh, N. C., Aug. 31.—The Corporation Commission reports $2,693,000 as the total amount of incomes reported to it in North Carolina and that many persons failed to list incomes. It has sent a demand to delinquents for reports.

Governor Glenn has written Superintendent James McKee, of the Central Hospital for the Insane here, asking an investigation of the death of James H. Nall, a patient, who, it is charged, was so brutally treated by certain attendants who, when he had fled from the hospital pursued and captured him, that his death resulted. The Governor says he has seen a statement made by an eye witness giving an account of the treatment of Nall, which does not reflect any credit upon the attendants or the State. He desires the matter probed to the bottom and nothing concealed from the public.

LICENSED AS ATTORNEYS.

Result of Recent Examination Before The Supreme Court.

(Special Star Telegram.)

Raleigh, N. C., Aug. 31.—Out of fifty applicants for attorney's license, who were examined Monday, forty were given certificates to-day. Among those from Wilmington are: William M. Bellamy, Burke H. Bridgers and John W. Gafford, of New Hanover; D. Ezekiel Henderson, of Onslow; Graham Kenan and James S. Newton, of Duplin.

Before Magistrate Furlong.

Rena White and Carrie Green, inmates of a house of questionable character kept by Maggie Allen, colored, were fined $5 and costs for vagrancy in Justice Furlong's court yesterday. Mary Brooks, a third defendant in the same indictment, was found not guilty of vagrancy. Bertie Evans, colored, also charged in the same connection, with keeping a disorderly house, was bound over to Superior Court under bond of $50. The last named defendant was represented by Brooke G. Empie, Esq. The warrants were sworn out as counter-indictments by the Allen woman, who was originally charged with keeping a disorderly house.

MR. SCUDDER'S DEATH

Popular Young Retail Store Manager Died Yesterday Morning at Hospital

REMAINS SENT TO ELMIRA

Funeral Exercises Were Attended By Knights Templar Honors—Fatal Illness Hastened By Strain in Surf at Wrightsville.

After a critical illness of five days with acute hemorrhagic pancreatitis and a very difficult operation for the disorder at the James Walker Memorial Hospital in this city, Mr. Willis Scudder, manager of S. H. Kress & Company's five and ten cent store in Wilmington, passed away at 7:45 o'clock yesterday morning. The death was not unexpected but the news of it came in the nature of a shock to numerous friends of the young man in this city. Accompanied by the grief-stricken mother, a brother and sister-in-law, the remains of Mr. Scudder were taken on the northbound train at 7 o'clock yesterday evening for interment at his former home in Elmira, New York. Brief, but very impressive funeral exercises were held in Saint James' church, the rector, Rev. R. W. Hogue, officiating, just before the departure of the train.

Mr. Scudder had been troubled with the disorder of which he died for several years, but the late acute attack was, perhaps, hastened by a strain which he suffered while surf bathing with several friends at Wrightsville Beach about three weeks ago. Mr. Scudder got beyond his depth and being unable to swim, over exerted himself in getting to shoal water again. Inflammation sent in from the strain and about a week ago he suffered a severe hemorrhage from the pancreas. He was taken from his home at Mrs. Morrison's, on Princess street, to the hospital and everything possible was done for him, but the skill of the best physicians constantly in attendance at his bedside, was baffled and he passed away at the hour named. His mother, Mrs. Sarah J. Scudder, of Elmira, and a brother, Mr. Aaron M. Scudder, and his wife, of Haddon Heights, N. J., were with the young man when he breathed his last. Two other brothers also survive, Messrs. Benj. O. Scudder, of Meadeville, Pa., and Frank C. Scudder, of Portland, N. Y.

Mr. Scudder was born in Equinunk, Wayne county, Pa., on April 17th, 1871, and was therefore 34 years of age. When he was about five years of age his parents moved to Elmira, N. Y., where he made his home till about three years ago when he entered the employ of Messrs. S. H. Kress & Company, and was sent to the South to take charge of the Greensboro store. He remained there for about a year, and was transferred to the management of the Wilmington store in February, 1904, succeeding Mr. R. C. Rubright. This came to him as a promotion, and immediately Mr. Scudder, for his business ability and social qualities became popular. He was widely known and was liked by all.

In consideration of his membership in the order, Plantagenet Commandery No. 1, Knights Templar, of this city, attended the funeral exercises in a body and in uniform, commanded by Captain General C. C. Brown. A special escort to members of the bereaved family was Sir Knight W. A. French, Jr. The pall-bearers were Capt. James C. Morrison, Messrs. J. C. Springer, J. M. Solky, Adolph G. Ahrens, C. E. Weatherby, of Faison, N. C., and Frank Eldridge, of Greensboro, who came to take charge of the Kress store during Mr. Scudder's illness. Mr. Weatherby, who is a travelling man and a Knights Templar, accompanied the remains as far as Rocky Mount. The music for the exercises at the church was by a quartette composed of Mr. and Mrs. Greene Fenley, Mr. A. S. Holden, Mrs. Frank Holden with Mr. E. H. Munson, organist.

VAUDEVILLE STARS COMING.

Opening Attraction at Academy of Music Tuesday Night.

In view of the near approach of the visit to this city of the International Vaudeville Stars, a few words of the principal artists or "headliners," as they are in vaudeville, may not be inappropriate. First comes the peerless May Yohe, she of the old "Chrystal Slipper Days," and who used to grace with much charm the star position in Henderson's Big Burlesque Company on its many Southern tours. Now Miss Yohe comes as the wife of Mr. Bradlee Strong, who has adopted the stage and shown much talent; so much, in fact, that it is to be said that he has surprised his public. Then comes the great and only James Thornton, or "Jim," as he is called more often. He is by all manner of means the King of all monologists and an entertainment in which he is one of the principals, can't go wrong. Then we get Flo. Irwin, sister of May, and herself the very embodiment of all that is jolly and clever. Another star in this truly big company is Bonnie Thornton, who in her recent New York engagement attracted great attention by reason of her remarkable songs, which she sings with an abandon and naive "chic that creates a furore."

There are in fact so many famous celebrities in this big vaudeville company, which is coming here to show what real vaudeville is, that there is a lack of space to speak of them all at once. The attraction will be seen at the Academy of Music Tuesday night. Seats are now on sale at Plummer's.

Orders For Extra Copies.

Orders for extra copies of the industrial supplement to be issued by Mr. M. E. Strouss in connection with the Star, probably Sunday morning, may be either 'phoned to this office, No. 51, or given to Mr. Strouss personally.

Southport vs. Wilmington.

A crack team from the Southport Gun Club is expected up this afternoon to engage a team from the Wilmington Club on the traps near Delgado. The shoot begins at 3:30 o'clock and a full attendance of members is expected.

WILMINGTON, N. C.

Friday Morning, September 1.

WISDOM OF GEORGE WASHINGTON.

From the fact that the United States is free from "entangling foreign alliances," the President of the United States was enabled to get Russia and Japan to come together to treat for peace. When the conference was proposed, there was a casting about for a place to hold it, but it turned out that Russia did not want it held in England or Asia and Japan would not hear to its being convened in any European city. The logical place was the United States, and recent history records the conclusion of the peace treaty at Portsmouth, the result being the termination of the world's greatest war and renown for an American President. These thoughts were suggested by an editorial in the New York Times, from which we get the following:

"We may look to see many editorial articles appearing in the journals not only of this country but of Europe, pointing out how the peacemaking at Portsmouth marks, finally, the departure of the United States from its traditional policy of isolation, its formal entry upon the field of world politics, its rejection of the counsel of the 'Farewell Address' against 'entangling alliances.'

"It is worth pointing out that not only is this not true, but the very reverse of it is true. The counsels of the 'Farewell Address' and the precepts of Washington are vindicated by the success of the President of the United States as a peacemaker, after the hugest war of modern times. It is because we are in no 'concert,' because we have nothing to do with other Powers in the way of making common cause with them, that we have brought two angry combatants together. It is because we have observed 'the great rule of conduct with respect to foreign natiosn in extending our commercial relations, to have with them as little political intercourse as possible,' it is because we have not, 'by interweaving our destiny with that of any part of Europe, entangled our peace and prosperity in the toils of European ambition, rivalship, interest, humor, or caprice,' that when the President of the United States came out as the spokesman of civilization and humanity, both warring nations took him at his word.

"Mr. Roosevelt is simply the only Chief Magistrate in the world who could have done what he has done, and has been enabled to do it because the position of his country is uniquie among the great nation of the world. Let everybody imagine any ruler in Europe making the identical words employed by the President. His professions of good will and impartiality would have been disbeleved by one party or the other, probably by both."

The Times' editorial bears out the wisdom of George Washington, and while this country is not, comparatively speaking, bound up in any entangling alliances we are cutting a considerable figure in foreign affairs. However, we can see nothing in the Portsmouth conference to clear anybody about our getting mixed up in foreign affairs. The greatest danger we see from the conference is any "formal statement" from President Roosevelt, as has been promised, concerning the results of the peace conference. He may say in it something that may either offend Russia or Japan, and if he will let the conference go at what it has accomplished, all will be well.

OUR TRADE WITH JAPAN.

The Charlotte Chroniele has been industrious enough to search the report of the Department of Commerce for some figures that will make interesting reading in the South at this time. Our esteemed contemporary says:

"During the first six months of 1904, the raw cotton exported into Japan was valued at $17,810,000. During the first six months of the present year the imports of raw cotton was valued at $34,221,000, an increase of $16,411,000. There is an increase this year of $2,881,000 in the value of the imports of manufactured cotton over the same period last year. These figures we get from a report of the foreign trade of Japan which the Department of Commerce has made public. The report shows that Japan's foreign commerce has made a remarkable growth in spite of the war. The largest increases in imports are credited to the United States, the United Kingdom, and British India; the largest increases in exports occur under the head of China, United States and Korea. The exports during the same periods were largest for China, which is credited with $21,932,000 as compared with $14,953,000 during the first six months of 1904. The United States ranks next among the countries to which Japanese products are destined, the figures for the six months of 1905 being $20,304,000 as against $19,910,000 for the previous year. In the third place now stands Korea, with $3,852,000, as against $3,840,000 for the same period of 1904.

"The leading position of the United States in Japanese foreign commerce is seen from the fact that this country furnished 22.4 per cent. of the total imports during the first six months of 1905 as compared with 14.7 per cent. of the total imports during the same period of 1904, and is credited with 28.6 per cent. of the total domestic exports during the first half of 1905 as compared with 29.1 per cent. of the total domestic exports of Japan for the first six months in 1904. The gains in imports affect not only such articles increased consumption of which was to be expected because of the war, such as flour, beans and peas, woolens and worsteds, cotton manufactures, blankets, etc., but other articles as well, increased importations of which are the best sign of industrial growth and expansion. Among the latter, the most notable increases are shown by raw cotton, the imports of which have almost doubled in value, by manufactures of iron and steel and machinery."

If Japan nearly doubled her imports of raw cotton from the United States during six months of war, what will be the demand for the South's great staple when peace is wholly restored? Japan will now have an opportunity to develop her trade in Korea and China, and we look for such a development that will make Japan a better customer than she has ever been. Thanks to the high purpose of Japan the "open door" for the commerce of all nations is one of the stipulations of peace with Russia, and while Japan may get the lion's share of the Korean and Chinese trade, she will have to get the greater part of her raw cotton from the South. Cheap labor in Japan and the energy and intelligence of her people will make her a formidable competitor for the Asiatic trade. With it she is willing to have the "open door," confident that she can go in and compete with the world for that trade. Besides she is so much closer to the field to be exploited and her manufacturers know more about the needs of the Asiatic people. However, the South can take comfort, knowing that Japan's increased demand for cotton opens a broader field for the South's great product.

TWINKLINGS.

—Guzzler—I was up with the lark this morning. Wigwag—Kept the lark up all night, eh?—Philadelphia Record.

—"Johnny, I thought I told you not to go outside the gate." "Yes'm, but you said I could play dog, and I had to run and bark at a wagon."—Brooklyn Life.

—Agent—"Does your wife use a carpet sweeper?" Man of the House—"If that's the nearest thing she can reach when she starts after me—yes!"—Detroit Free Press.

—"De Gilt made his fortune very suddenly." "You don't say! Is he rich enough to go in the blue book?" "Blue book! Why, he is rich enough to be investigated."—Detroit Tribune.

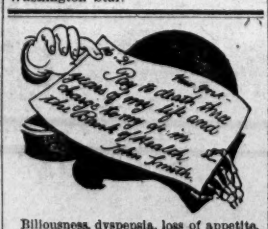
—Seagsby—There's a little summer romance dashed, all right, I bet. "Yes. She made believe she was drowning, and the chump called a life-guard instead of pulling her out himself."—Judge.

—Tom—"Now that your engagement is broken, are you going to make Carissa sent back your letters?" George—"You bet I am! I worked hard on those letters; they're worth using again!"—Detroit Free Press.

—The Heiress—"Papa, I am considerably embarrassed to discover that I am engaged to marry both the Duke and the Count." "How like your mother, to jump in and buy more than she wants, just because it is cheap!"—Life.

—"My proudest boast," said the lecturer, wao expected his statement to be greeted with cheers. " is that I was one of the men behind the guns." "How many miles behind?" piped a voice in the gallery.—Philadelphia Press.

—"Why don't you save up your money?" asked the thrifty citizen. "I'm going to, I am merely looking around to make sure I am not putting it in the hands of some concern willing to take bigger risks with it than I am."—Washington Star.



Billousness, dyspepsia, loss of appetite, disturbed sleep, nervousness, headache, giddiness and drowsiness, wind and pain or fullness of the stomach after meals, cold chills and flushings of heat, shortness of breath—these are the blank cheques of physical bankruptcy.

The man who suffers from these disorders and neglects them will soon be in the relentless grasp of some chronic disease. If he is naturally narrow chested and shallow lunged, it will probably be consumption; if his father or mother died of paralysis or some nervous trouble, it will probably be nervous exhaustion or prostration, or even insanity; if there is a taint in the family blood, it will be blood or skin disease; if he lives in a new or a low, swampy country, it will be malaria; if he lives a life of exposure, it may be rheumatism. There is one safe course for a man to follow who finds himself "out of sorts" and suffering from the symptoms described. It is to resort to Dr. Pierce's Golden Medical Discovery. This medicine makes the appetite keen, corrects all disorders of the digestion, renders assimilation perfect, invigorates the liver, purifies and enriches the blood and builds firm, healthy flesh and nerve tissue. It cures almost all diseases that result from insufficient or improper nourishment of the brain and nerves. Bronchial, throat, and even lung affections, when not too far advanced, readily yield to it.

A man or woman who neglects constipation suffers from slow poisoning. Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic. Don't let a selfish seller over-persuade you to accept a substitute for these Original Little Liver Pills, first put up by old Dr. R. V. Pierce over 40 years ago. Much imitated but never equaled.

CURRENT COMMENT.

—The man who tried to run a dining room in Indianapolis "as Christ would run it," has given up the business and quit. There were so many kicks on his bill of fare that life was made a burden to him.—Augusta Chronicle.

—A suburb of New York is now trying to suppress the crowing of roosters and the barking of dogs in the town between the hours of ten at night and six in the morning. The people up there are drifting away from nature as fast as they can. What would this world be without the bark of a dog or its cocks wouldn't crow? The next thing we hear they'll be attempting to stop babies from crying.—Charlotte Chronicle.

—Mr. Sulzberger, of a big packing corporation, does not "know whether there is such an organization as the feet trust." Some time ago Senator Stone, of Missouri, asked, in somewhat resentful innocence, "What is the State machine, anyhow?" It seems pertinent now to remark that some one should tell John D. Rockefeller that there is such a thing as a rebate, and explain to him how it works.—Kansas City Times.

—The dispensary—the "Great Moral Institution"—is getting it in the neck in South Carolina. In every single county where elections have been held up to this time the dispensary has been voted out by an overwhelming vote. Prohibition takes the place of the dispensary in every instance. The days of the old fraud and farce are numbered and we hope and pray that Tillmanism will die with the dispensary, and that the headway the dispensary idea has made in North Carolina will soon be throttled.—Raleigh Post.

—It does not matter so much about the terms. As is stated in our press dispatches to-day, we have secured "beyond any question the open door in Manchuria which was so dear to the heart of the late Secretary Hay," and which is of so much importance to the Southern cotton manufacturers. Russian domination would have closed the door of that country not only to the United States, but to all the world. In securing the open door for all time and to all countries, Japan won the greatest victory of modern times.—Charlotte Chronicle.

—The Wilmington Star truthfully remarks that "Mr. T. Gilbert Pearson, secretary of the Audubon Society, has accomplished more for the protection of both game and non-game birds in North Carolina, and within a comparatively short time, than have the combined efforts of all other agencies for twenty years." The Star, by way of suggestion, adds: "Would it not be a graceful recognition of his services for the sportsmen and farmers of the State to subscribe for and present him with a handsome testimonial?" Mr. Pearson has done and is doing a splendid work in North Carolina. We know of no one more worthy of a medal.—Charlotte Chronicle.

THE COTTON MARKET.

New York, August 31.—Very heavy liquidation and aggressive bear pressure caused a sharp break in cotton from which there was little recovery. The close was steady in tone but at a net decline of 21 to 24 points. Sales were estimated at fully 750,000 bales and it was considered that more cotton changed hands in about an hour around midday than for the same length of time any previous day this season. The opening was strong at an advance of 10 points in response to higher European cables and continued dry weather in Texas but the market almost immediately weakened with several of most prominent brokers selling in large quantities, working off to 10.85 for October. Stop orders were caught and the market sold off 26 to 27 points with October touching 10.66 and January 10.80 or about half a cent below the highest point of the week. Profit taking by recent sellers became very heavy at the decline and fluctuations in the late trading were irregular. According to official reports, only three points in Texas received any rain and another bullish private estimate of condition was issued, placing it at 69.4 per cent. against 76.4 last month. General news, however, received little attention and rumors as to the speculative position were the main factors, with one story to the effect that there had been a split in the Wall street bull party.

Futures opened strong. September, 10.87; October, 11.05; December, 11.13; January, 11.17; February, 11.22 bid; March, 11.24; May offered, 11.29.

SPIRITS TURPENTINE.

—The colored fair will be held in Raleigh beginning Monday October 30th.

—Immanuel Lutheran College, for the education of colored boys and girls, will open its first fall term next Monday morning in Charlotte. Class work will begin next week. Rev. N. J. Bakke is president of the institution.

—According to the order of Postmaster General Cortelyou issued on July 3rd last, rural free delivery routes will be suspended on Labor Day, the first Monday in September. Other holidays included in that order were New Year's Day, Washington's Birthday, Memorial Day and Fourth of July.

—Messrs. Levi P. Brown and Charles C. Vaughan, of Winston, and Albert M. Brown, of St. Louis, Mo., have organized the Poineer Manufacturing Company at Winston-Salem for the manufacture of ladies' and men's clothing. They will also conduct a laundry. The capitalization is for $25,000, of which amount $4,950 has been paid in.

—The whiskey question was presented in a new form at Fayetteville on Wednesday. Judge Fred Moore holding that under Cumberland's special prohibition act it is unlawful for a person to have more than two gallons of whiskey in his possession at one time. The defendant in this case appealed. The point will be argued in the supreme court in October.

—Charlotte special to the Raleigh Post: According to reliable information, a genuine boll weevil has been discovered near Hickory Grove church in Crab Orchard township, the pastor of the church, Rev. Mr. Bradley, making the discovery. The insect was compared with some dead specimens from Texas and was shown to a gentleman who has seen many of the weevils. There is no doubt as to the fact that it is a genuine specimen.

—Raleigh News and Observer: "Concord will soon have sixteen cotton mills," said Mr. William R. Odell, State Senator from Cabarrus and one of the best known manufacturers in the State. "There are already fourteen mills and the two additions are the Brown Manufacturing Company and the Young-Hartsell Manufacturing Company. Both will spin yarns. Concord now has a population of at least 10,000. The city has borrowed money and is enlarging the electric light plant.

—At Hendersonville Tuesday night Phelan D. Beale of that place defeated A. Koisuni, a Japanese, in a wrestling bout before an audience numbering from six hundred to eight hundred people. The match was for two out of three falls; but there were only two rounds, Beale winning both falls in quick order. The wrestling was interesting and exciting. The wrestlers went at each other from the drop of the hat, and it was roll and tussle until the Jap's shoulders and hips touched the mat and the referee gave the fall to Beale. The first fall was won in a few seconds and the second fall in one minute.

—The past week has witnessed a wholesale killing of negro men at Salisbury. One was killed and placed upon the railroad track two miles south of Salisbury Saturday night and the body was observed by the crew on an incoming train in time to pick it up and bring it to this city. Eldridge Coleman, colored, now rests in Rowan jail awaiting trial for the killing. The body of Tom Lyerly, colored, was found on the railway track near Barber's Junction the same night. The coroner holds to the theory of foul play. Henry Houston, colored, was run over and killed at the Salisbruy passenger depot Monday night by a passenger train. The negro was attempting to steal a ride when he was killed.

—There is little doubt but that Peter Smith, the Madison county man under sentence of death, will be hanged two weeks from Thursday, September 14th. Reliable news from Marshall is to the effect that little, if any, effort has been made to have Governor Glenn commute the sentence to life imprisonment. It is said that there is a strong belief on the part of the people of Madison that the law should be allowed to take its course, and that Smith should pay the penalty of his crime on the gallows. Smith, who is a white man, near 60 years of age, was convicted of criminally assaulting a 15-year-old child in Madison. It is also believed that he murdered his step-daughter, although sufficient evidence to convict him could not be obtained.

—Raleigh Post, Aug. 31: Mr. Fred L. Merritt, assistant to the president of the company holding the lease of the Atlantic and North Carolina Railroad, is here on a business trip. Mr. Merritt says that the terminal facilities have been secured and the necessary assent of the government given for the bridge from Morehead City to Beaufort. Indeed the material for the supports have been ordered and the work will begin about October the fist. The bridge will be from 1 3-4 to 1 7-8 miles in length and will cost a quarter of a million dollars. There will be two draws, one of 50 feet in breadth with 30 feet depth on the Morehead side and one 30 feet wide with 12 feet depth on the Beaufort side. When this bridge is completed a great hotel will be built at Beaufort. In fact the hotel at Morehead City is being negotiated for now and will be disposed of. The new hotel at Beaufort will not be the property of the company holding the railroad.

—A Winston-Salem dispatch on Wednesday says: Sheriff Alspaugh received a telegram this afternoon from Governor Glenn, which says: "Have refused to commute Hammond's sentence. Notify him and his counsel." This means that the man who murdered his wife in east Winston Saturday evening, April 29th, will be executed in the county jail between the hours of 11 and 3 o'clock. The hanging will be private, though the sheriff will issue tickets to 10 or 15 people, including ministers and newspaper representatives. By request of the condemned man's counsel, Jailer Hanner broke the news gently to Hammond. He asked if any official information had been received and stated that he was prepared for death and was ready and willing to pay the penalty of his crime. Hammond stated yesterday that he had not authorized anybody to say for him that if his sentence was commuted to life imprisonment he could never ask for a pardon. "I had rather die now while I am prepared, than go to the penitentiary for life," said the condemned man.

IT'S YOUR KIDNEYS

Don't Mistake the Cause of Your Troubles—A Wilmington Citizen Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Wilmington people testify to permanent cures.

E. Poezolt, merchant tailor, of Eight South Front street, residing at 315 North Sixth street, says: "My wife used Doan's Kidney Pills and in her case they proved to be an effective remedy. She suffered with her ankles and could scarcely get down stairs in the morning We thought it was rheumatism and her ankles would be all pulled up every morning so she could hardly hobble around. Since obtaining Doan's Kidney Pills at R. R. Bellamy's drug store and taking them she seems like another person. She is better in the morning, the swelling left her ankle and from the great relief she obtained we are only too glad to recommend Doan's Kidney Pills to others."

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promtly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine in the world. At R. R. Bellamy drug store; 50c and $1.00; guaranteed. Trial bottle free.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." R. R. Bellamy, druggist, sells and guarantees them, at 50c a bottle. **

WARM WIRELETS.

At Memphis, Tenn., all records for that market were broken by the cotton receipts of the year ending yesterday. A total of 983,604 bales were received. Last year the figures were 794,741 and the year before 892,521.

The schedule of foot-ball games to be played by the United States Naval Academy team this Fall, includes: October 7, Virginia Military Institute; October 21, University of North Carolina; November 18, University of Virginia; November 25, Virginia Polytechnic Institute.

Consul General Rogers at Shanghai cabled the State Department yesterday that the position there as to the anti-American boycott was improving. The officials of the State Department have come to the conclusions that the boycott has practically exhausted itself, the Chinese merchants finding that they themselves were the prinpicipal losers.

A requisition was issued at Richmond yesterday on the Governor of New Jersey for the delivery of Pearl Varble to Deputy Sheriff J. D. Broadwater, of Scott county. Varble is the man who confessed to the murder of Joseph Gentry, at Gate City, Virginia, January 19 last. Varble fled and confessed his crime to a New Jersey farmer. He is now in jail at Woodbury, N. J.

In Atlanta yesterday Attorney General Hart for the State of Georgia filed suits against the Southern Railway Company, the Central of Georgia Railway Company, the Georgia Railroad Company and the Atlanta and West Point Railroad Company, and the Seaboard Air Line, for refusal to accept for shipment stoves and hollow ware under a circular of rates issued by the Georgia Railroad Commission, which materially reduced rates on those commodities.

At Tallahassee, Fla., yesterday, at a meeting of the State Board of Pardons, the death warrant for the execution of Isaiah Cooper was withdrawn and the sheriff of DeSoto county was instructed to hold Cooper in custody until further direction. Cooper was to have been hanged today for the murder of Marshal Bowman, of Puna Gorda. Bowman was marshal of the town of Punta Gorda and had been active in ferreting out blnid tigers. He was shot at night through a window while sitting quietly in his home on January 29, 1905.

CREW RESCUED OFF HATTERAS.

Two Schooners Collide at Night and one Abandoned.

By Wire to The Morning Star.

New York, August 31.—An all-night search for a boat load of sailors who were cruising helpless at sea was reported by the schooner John Bossert, on his arrival here to-day, leaking from the effects of a collision on the night of August 26th. The schooner brought ashore Captain Chas. A. Brown, his son James, and four of the crew of the schooner Chas. C. Witler which these men abandoned in a sinking condition on the same night, from a collision with a vessel believed to be the John Bossert. That night the John Bossert, which came from Georgetown, S. C., while near Cape Hatteras, collied with another schooner which almost immediately fell away out of sight in the darkness. The John Bossert's entire starboard side was scraped and torn and some of her rigging carry away. The nevt day the small boat containing the Witler party was sighted and resumed, but their abandoned vessel had disappeared. The Charles A. Witler also came from Georgetown.

AFRO-AMERICAN COUNCIL.

Negro's Lack of Appreciation of Ballot and Its Meaning.

By Wire to the Morning Star.

Detroit, Mich., August 31.—A sharp, impromptu debate on whether or not the negro's lack of appreciation of the ballot and its meaning, and his failure to grasp his responsibility in this and other directions, is the case for many of the evils suffered by the colored people in the South, was the feature to-day of the convention of the Afro-American council. D. A. Straker, of Detroit, and Mrs. Mary Church Terrell, of Washington, D. C., tool issue sharply with J. C. Napier, of Nashville, Tenn., who had enunciated this belief, and his supporter, Douglas Wetmore, of Jacksonville, Fla. Many other delegates joined in the discussion and the most animated debate of the convention resulted. Rev. Geo. C. Clement, of Charlotte, N. C., read a paper on "The Offering of the Afro-American Press."

CHOLERA ALARMING GERMANY.

Spread from Two Localities to Twelve in Few Days.

By Cable to The Morning Star.

Berlin, August 31.—The spread of cholera from two localities on the River Weichsel five days ago to 34 cases in twelve localities extending from the Baltic to the river Warthe, 150 miles south, and its appearance in Hamburg, has given an unpleasant thrill to the people of Germany for it may mean a long and steady fight, as in 1892-'93, to prevent the disease from getting beyond control. In those years it is estimated that 800,000 persons died in Russia from cholera. The Prussian government is keenly aware of the possibilities of the danger which so far is not regarded as giving occasion for apprehension. Numerous bacteriologists have been sent into the infected districts to assist in the surveillance of persons who have contracted cholora. Cautionary notices are published in all the towns and villages within the affected area.

DEATH 2,000 FEET IN AIR.

Awful Fate of Man With Dynamite in Balloon.

By Wire to The Morning Star.

Greenville, O., August 31.—Aeronaut Baldwin, of Losantiville, Indiana, was to-day blown to shreds as his balloon was floating high in the air. He was giving at the county fair an exhibition of the use of dynamite from a balloon for war purposes. He had three sticks of the explosive with him. When he had reached a height of 2,000 feet the dynamite accidentally exploded and the balloon and man were literally torn to fragments. Baldwin's wife was one of the several thousand persons who saw the accident.

Peace Terms Unpopular in Japan—Radicals in Russia Offended With Roosevelt — Czar Warmly Thanks President.

By Wire to The Morning Star.

Portsmouth, August 31.—Rapid progress has been made today in the drafting of the treaty of peace. Baron Komura, at Mr. Witte's request, tomorrow will probably fix a day for its signature. Russia's consent to a suspension of hostilities reached Mr. Witte tonight in a cablegram from Count Lamsdorff, who Emperor Nicholas has empowered to deal with this important phase of the negotiations.

Although General Linevitch has been informed of the practical condition of peace and directed to hold himself in readiness to open with Field Marshal Oyama, the negotiations for an armistice, the order for the suspension of hostilities and the signing of the truce will not go forward from St. Petersburg until Mr. Witte has been informed by Baron Komura that the Emperor of Japan has also given his consent and has empowered Marshal Oyama to conduct the negotiations with the Russian commander in the field.

So rapidly and well is Mr. DeMartens with Mr. Dennison, performing his delicate and important task of drafting the treaty, that he was able to return from the navy yard tonight to report to Mr. Witte the practical completion of ten articles of the treaty. It is expected that it will in its entirety consist of fifteen articles exclusive of the preamble.

Japan's original demands are said to have numbered thirteen. Only twelve, however, were peresented to the Russians, as President Roosevelt is credited with persuading the Japanese plenipotentiaries before the convening of the conference to withdraw one of the conditions which he regarded as unjust. Whether this thirteenth demand dealt with the fortifications at Valdivostok cannot be learned.

Having waived three of the demands presented—the indemnity, the interned ships and the limitation of Russia's naval strength in the Far East—the Japanese final conditions were nine. Several of these, however, will be divided in the treaty and grouped into two or more articles.

Mr. Witte is exceedingly anxious to sail for home on September 12. In the meantime he wishes to take leave of President Roosevelt and present the thanks of his Emperor for the President's assistance. He is therefore doing what he can to hasten the drafting of the treaty, which he would probably be prepared to sign by Tuesday or Wednesday of next week at the latest, unless some obstacle should arise. The only differences which have thus far appeared have been due to the ambiguous language of certain parts of the daily protocols which form the framework of the treaty. It is here that the long experience and recognized authority of the famous international lawyers are proving of assistance to Japan as well as Russia. Both Mr. DeMartens and Mr. Dennison who is also well grounded in international law, are selecting with great care the language of each article in order that the treaty may furnish no ground for differences in the future and accurately record the exact spirit as well as the substance of the arguments concluded in the conference by the plenipotentiaries. It thus happens that the framers sometimes spend an hour in the selection of one word, to find finally that they are both striving to express the identical idea.

Terms Unpopular in Japan.

Tokio, August 31.—11:00 A. M.—The public continues to be without information regarding the agreement of the peace envoys at Portsmouth. The division of the Island of Sakhalin and the waiving of indemnity are not yet publicly known.

Despite the lack of information many people are convinced that the Japanese government has made substantial concessions, and already are criticising and objecting. Unless the terms prove to be better than were anticipated, it is certain that the compact will prove unpopular and be bitterly assailed by the press and by the diet, which is expected to meet in special session shortly. The radical elements are asserting that cabinet changes are inevitable. The mass of the public is not moved. There unquestionably is a feeling of great relief that hostilities have ended and that the men of the great army will return home, be disbanded, and reenter the walks of peace. This feeling, however, is without public manifestations. There have been no processions, no display of flags or other marks of popular jollification. The capital city continues normally quiet and reports from throughout the Empire indicate a similar end.

Emperor Nicholas Heard From.

Oyster Bay, August 31.—Emperor Nicholas of Russia has recognized gratefully the great part which President Roosevelt played in the successful negotiations for peace. In a cablegram received by President Roosevelt today Emperor Nicholas congratulated and thanked the President for his efforts. The cablegram follows:

"Peterhof, August 31, 1905.

"President Roosevelt:

"Accept my congratulations and warmest thanks for having brought the peace negotiations to a successful conclusion, owing to your personal energetic efforts. My country will gracefully recognize the great part you have played in the Portsmouth peace conference.

(Signed) "NICHOLAS."

That the Russian Emperor should thank President Roosevelt for his efforts to ensure peace between Russia and Japan was to have been expected but it is particularly significant that in his cablegram Emperor Nicholas extended to President Roosevelt his "warmest thanks for having brought the peace negotiations to a successful conclusion." The dispatch is regarded as one of the most remarkable of its kind ever sent by the head of one nation to that of another.

Congratulatory messages by the score yet are pouring in upon the President. The executive office force here is completely swamped and it will be many days before acknowledgment of the receipt of all messages can be sent out. It will be impossible for President Roosevelt himself to respond to the felicitations of his friends everywhere, but in the course of time the sender of each message will receive a response.

Among the messages received today was a notably cordial one from the Emperor of Austria-Hungary.

Among other telegrams of congratulation received today were those of Vice President Fairbanks, Secretary of the Interior Hitchcock, General Horace Porter, Governor Glenn, of North Carolina, Consul General Robert J. Wynne, of London, England; John D. Rockefeller and Senators and Representatives in Congress.

THE ROYAL ARCANUM.

Fraternial Organizations Must Have Commercial Feature.

Put In Bay, O., August 31.—A. B. Landis, of Nashville, Tenn., by special request, addressed the open meeting of the Royal Arcanum today on the "Impracticability of a purely fraternal organization without an element of commercialism in it." He said he had made a deep study of the question in this country and Great Britain and knew whereof he spoke. He characterized the appointing of a medical examiner and the agreement to pay a stated sum as the beginning of commercialism and illustrated how the step rate proposition would drive out young men. He said if the rate prior to May, 1905, were continued with necessary increasing number of assessments it would mean the death of the Royal Arcanum.

In conclusion Mr. Landis stated that he was paid by the Supreme Regent to appear here and speak but no matter how deep his interest in the matter, he could not otherwise be here as he had a family to support.

The committee appointed to hear the protesting delegates and pass upon the resolutions includes Rev. F. T. McFadden, of Virginia.

HIGHER TAXES IN MEXICO.

New Tariff Went Into Effect Last Night.

By Wire to The Morning Star

Laredo, Texas, August 31.—As the new Mexican tariff law went into effect at midnight the railroads, have been busy all day getting over the border all the merchandise which had accummulated in order to take advantage of the old tariff rates which were considerably lower than new rates. Shoes, ammunition, hardware, machinery and various classes of food products are affected. The duty on patent medicines has been increased to such an extent that manufacturers have made arrangements to have their goods to be put up in Mexico.

DIAMOND SHOALS LIGHTHOUSE.

Specifications and Drawings for Great Light at Hatteras.

By Wire to The Morning Star

Washington, August 31.—Specifications and drawings for the lighthouse and station which Congress authorized Albert F. Eels and associates, of Boston, Mass., to construct at Diamond Shoals, off Cape Hatteras, North Carolina, were filed today at the office of the Secretary of Commerce and Labor. Under the act of Congress au- have expired on September 3. The plans were referred to the government lighthouse board for approval.

BRITISH BRIEFS.

Scotsmen in London are generally at the head of the bowling clubs.

Four thousand pigeons in the heart of London have become a nuisance.

An English county judge recently remarked, "Not a case comes into court but what there is perjury on one side or the other."

The record of a year's weddings in London shows: Established church, 56,868; Roman Catholic, 2,954; Nonconformist, 3,606; registrar's office, 14,088; Quakers, 14; Jews, 2,574.

The London General Omnibus company has over 16,000 horses. None of the experiments tried in relation to the substitution of motor for horse traction has yet proved satisfactory.

The British government has warned dealers against selling without a liquor license candies filled with alcoholic liquors, a mischievous practice that appears to be very common in England.

PULPIT AND PEW.

The American board, the pioneer foreign missionary society of America, is to publish a history of its work. Dr. E. E. Strong will edit the book.

An Indiana minister, Rev. O. W. High of Upland, Grant county, rubber stamps his mail, "This letter is not to travel or cause work on a Sunday."

The Rev. J. C. Adams of the Park Presbyterian church of Newark, N. J., is the only Quaker minister in that city. He is a descendant of John Adams.

The city of Venice has contributed money for the preservation of the church of San Giacometto di Rialto, which was built in the fifth century and is now in danger of collapse.

ARMY NOTES.

The French army is three times as large as it was in 1870.

The Russian soldier earns the munificent salary of $1.50 a year.

A new Danish field gun, carried in a socket on the cavalryman's saddle, weighs but fifteen pounds and can discharge 200 rounds a minute.

In the Argentine Republic soldiers are exercised and coached in football. No doubt their capacity for running, wrestling and rushing, for dash and impact, and for swiftness and endurance will be largely increased by this training.

FEVER RECORD FOR YESTERDAY

Situation Improved in New Orleans But Bad in Surrounding Country

LEESBURG IS A PEST HOLE

Out of Population of 475 Fever Has Made Victims of 273—President Roosevelt Expresses Sympathy for New Orleans.

By Wire to The Morning Star.

New Orleans, Aug. 31.—The following is the official report of the yellow fever situation up to 6 P. M. to-day:

New cases to-day, 41; total cases to date, 1,919.

Deaths to-day, 6; total deaths to date, 277.

New foci, 6.

Another doctor was stricken to-day, Dr. Homor J. Depuey, who resides on North Rampart street, of the deaths to-day all but one are Italians. One death occurred in the Emergency Hospital. All were down-town.

Passed Assistant Surgeon C. H. Lavinder has been ordered to Natchez to take local charge there and will leave to-morrow.

Surgeon Von Ezdorf returned to-day from Leeville and reported that while conditions there have been improved under the direction of the State Board physicians, there is nothing further to be done, but supply their need and allow the disease to run its course through the whole settlement. He says that 273 of the people there have already had the yellow fever, of whom 103 are now under treatment. He also found two cases at LaRose, 35 miles north of Leeville.

The most interesting news from the country was by Dr. Brady, who made a thorough inspection of the plantation between Houma and Shriever, in Terre Bonne parish, finding upwards of sixty cases, scattered among the Italians.

No new cases were reported from Mississippi City or Natchez. Gulfport reports three new cases and one death.

The report for to-day was favorable both as to new cases and deaths, while there was a diminution in the number of new disease centers to six, the fewest reported on any day since August 8th, when the Federal officers took charge of the campaign against yellow fever.

Gegeon von Ezdorf to-day returned from Leeville. He said conditions there were bad, but that since Doctors Marcour and Devron had arrived, the situation was improved. There are 475 persons in the settlement and 175 are now sick. Between 20 and 30 deaths have occurred at Leeville since the fellow fever appeared.

Roosevelt's Sympathies.

Evidencing his deep sympathy with New Orleans, President Roosevelt today sent the following acknowledgement to Mayor Martin Behrman's telegram applauding the President's service in restoring peace between Russia and Japan:

"Oyster Bay, August 31, 1905.

"Hon. Martin Behrman, Mayor, New Orleans.

"No telegram has touched me as deeply as the telegram from you, showing that in the midst of her great trial New Orleans is so keenly alive to all that affects the interests of the world and the honor of our own country. You have given fit expression to the feelings of your brave and gallant people, for only those with lofty souls can, in the midst of their own grief, find time to think of others. I trust I need not say how deep and constant my anxiety is for the welfare of your city and State.

"THEODORE ROOSEVELT."

Mayor Behrman telegraphed to the President on August 29th:

"New Orleans hastens to give expression to her profound admiration of your wonderful accomplishment. It must prove a source of lasting pride to all true hearted Americans to feel and know that the whole civilized world is paying homage to the great chieftain of our country, from whose master mind emanated achievement in the cause of humanity which will rival any of the master strokes which ever have been, or ever will be recorded in history."

Quarantined Against Florida.

Little Rock, August 31.—The State Board of Health in addition to the bars put up against Louisiana and Mississippi to-day, added Florida to the quarantined list.

Three New Cases at Vicksburg.

Jackson, Miss., August 31.—Surgeon Wasdin reports three new cases of yellow fever at Gulfport to-night and states that the situation is well in hand along the gulf coast. Dr. Lebaron reports one case of fever at Pearlington, near the Louisiana line, and has taken charge as state health officer. Three new suspicious cases are under observation at Vicksburg.

No Other Cases in Natchez.

Natchez, Miss., August 25.—This is the fifth day since the promulgation of the report of yellow fever in Natchez since which time no new cases have been reported. All of the patients are doing well, the fever being of an exceedingly mild type. Fifty-three volunteers made a house to house canvass to-day and reported very little sickness.

No Fever at Memphis.

Chattanooga, Tenn., August 31.—The City and County Board of Health in joint session to-day raised the quarantine against Memphis, which was declared two days ago. The concensus of public opinion in that there is no yellow fever in Memphis.

NEW COAST LINE CONNECTION.

New Board to Be Built from Georgia to Gulf.

By Wire to The Morning Star

Pelham, Ga., August 31.—The Pelham, Bainbridge and Gulf Railroad Company received a charter to-day. The company proposes to construct a railroad fifty-two miles long from this place where it will connect with the Atlantic Coast Line through Bainbridge to Fairchilds, Ga., on the Chattahoochee river. Ultimately, it is said, the road will be extended to some point on the gulf coast. J. L. Hand, J. W. Everett and W. C. Barroww, of this city, are prominent among the incorporators. They purpose beginning construction at an early date.

CONVENTION OF VETERANS.

Will Meet in Senate Chamber at Raleigh, October 18th.

Headquarters North Carolina Division United Confederate Veterans.

Durham, N. C., Aug. 30, 1905.

General Orders No. 28.

Paragraph 1.—A convention of the delegates from the camps composing the North Carolina Division of the United Confederate Veterans will be held in the Senate chamber at Raleigh on Wednesday night, October 18th, for the purpose of holding the annual election of officers and transacting such other business as may come before the body. Camps which have paid their annual dues to the general headquarters at New Orleans will be entitled to be represented by the same number delegates as they send to the general reunion.

Paragraph 2.—It is earnestly hoped that every camp will be represented, and that all staff officers will attend in uniform. It is much regretted that no State reunion can be held this year. Two cities have extended an invitation for the reunion next year.

By order of Major-General J. S. Carr.

H. A. LONDON, Adjutant General and Chief of Staff.

REAL ESTATE TRANSACTIONS.

Transfers Which Appear From Deeds Filed For Record Yesterday.

From deeds filed for record yesterday, the following real estate transfers appear:

James B. Dudley and wife to R. B. Moore, for $700, property at northwest corner of Fifth and Dawson streets, 55x96 1-2 feet in size.

Chas. Schnibben and wife to Edwin A. Metts, for $1,000 and other valuable considerations, property on north side of Market, 132 feet east of Ninth street, 66x165 feet in size.

An Exciting Runaway.

A spirited horse attached to a top buggy in which Mr. Raymond Humphrey and two negroes were returning from some surveying work in the country, ran away yesterday afternoon on the Castle Haynes road leading into the city. One of the reins broke and the horse dashed off at break neck speed from Garrells Sans Souci farm. The animal was not checked until the corner at Fifth and Nixon streets was turned, the horse being pulled by the one rein down the sandy street and ultimately into a fence. Fortunately no one was hurt and little damage was done to the buggy before the animal was stopped. A number of vehicles going out the road were forced to sidetrack for the runaway, which was an exciting one.

Cumberland's Liquor Law.

Fayetteville Observer: "In the case of William McIntyre, tried yesterday for retailing, the defendant was found guilty, and he appealed to the Supreme Court. He gave bond pending the appeal. This will be the first test case before the Supreme Court of the clause in the Cumberland county prohibition law, that the possession of more than two gallons of whiskey is prima facie evidence that the possessor is selling whiskey. This case is further complicated by the fact that the whiskey seized, four gallons and more, was not actually in possession of the defendant, but was in the express office at Wade, addressed to the defendant, and was seized in that office by Deputy Sheriff Skipper, and McIntyre arrested. No evidence was introduced to show that defendant sold whiskey.

How Smoke Blights.

Speaking before the congress of the Sanitary institute at Glasgow, Lord Blythswood said that there was no better sanitary officer than the sun itself. It would give his hearers some idea of what chimneys threw into the atmosphere when he told them that in Glasgow 3,300 pounds of black mineral dirt and grease dropped annually on an acre of land. Living as he did within seven miles of Glasgow, he had been able to observe the effect of the smoke upon the trees and the fruit. When he was a boy he remembered that any amount of apricots and greengages were grown on the wall trees in the gardens. The trees were still there, but for years there had not been such a thing as fruit. There had been as much care given to the trees, but in the valley of the Clyde the smoke had blotted out the vivifying rays of the sun, and the consequence was that so far as the finer grades of the fruit were concerned they were absolutely extinct.

London Astor's Loose Change.

It is said in London that, although William Waldorf Astor occasionally indulges in vast expenditures, such as the purchase of Cliveden or a splendid steam yacht, he has taken to parsimonious ways in small matters. They declare that on a recent occasion he even objected to paying 6 cents each for cabbages, denouncing it as "a monstrous imposition" on the part of his grocer. In his offices on the Thames embankment stands a steel desk, one of the curiosities of which is the petty cash drawer, always filled with sovereigns. Mr. Astor, it is said, likes to feel that he is always in command of sufficient ready cash to buy anything that may happen to catch his eye, and thus from the couple of thousand pounds in his drawer he takes handfuls of gold just as necessity may require. When Mr. Astor went to London he kept in his vault at Coutts' bank 1,000,000 sovereigns—$5,000,000.

THE VALE STUDIO.

It is a far cry from the days of Duquesne to the present time, but great as is the time which has elapsed since then, the progress that has been made in photography has been even greater. Noteworthy among the leading art photographers of Wilmington is Mr. Chas. Edwards Vale, whose studio is located at 104 Princess Street. He is a master in the difficult art of posing, and his portraits are perfect gems of contour and artistic taste. His posing and grouping are very effective, as well as often unique and pleasingly striking. His specialties are Sepia Portraits, water colors, miniatures on ivory, crayons, carbons, etc. Also all styles and makes of frames are to be had on short notice. Charges are surprisingly moderate when first you consider the high grade work that is produced. Mr. Vale is prominent in Masonic circles and is highly esteemed.
